

Please, my family and I urge you to not weaken the consumer protection laws, the Do Not Call Program. Before I signed up we had an average of 15 calls, each day, from telemarketers, sales agents, etc. After signing up the calls stopped almost immediately and we finally had tranquility. So please, for the sake of all those headaches, let's keep the peace and not weaken it. New Jersey DO NOT CALL PROGRAM is a success!! Thank you.
